

2018 Restoration Raffle Winners

Among the Harness Racing Museum's highest priorities is the conservation of the art and artifacts entrusted to our care. Essential funding for this important work is raised through grants, donations and fundraising events. Primary among these events is the annual **Restoration Raffle** with the drawing held Hall of Fame night. This year's event raised over \$4,000 for earmarked projects. Thank you to all our donors and participants and congratulations to the following winners!
